

VMA24

INTERNATIONAL TRADE SYMPOSIUM

Celebrating its 21st year, the VMA's International Trade Symposium has become well-known as a boutique, attendee-curated event tailored to connecting, discussing ideas, and benefiting from shared experiences.

As the East Coast's premier conference for shipping, ports, logistics, and trade, hear industry leaders discuss national-level content in an accessible, intimate location, sharing meaningful insights and engaging in authentic discussions.

Have a quiet conversation with a client or catch up with a colleague; make new connections during lively social events; enjoy fine dining at the 104th Annual Maritime Banquet; or simply enjoy the southern hospitality that Norfolk, Virginia, offers in the heart of the fastest growing port in the nation. Shippers/BCOs can take advantage of a heavily discounted ticket.

WHY ATTEND VMA24?

- **Access to industry experts** providing valuable insights into the latest trends, regulations, and best practices in port logistics and international trade.
- **Networking opportunities** with carriers, freight forwarders, port authorities, logistics service providers, and other BCOs.
- **Information on new technologies** and innovations that improve operations and reduce costs.
- **Regulatory and trade policy changes** explained and how they may impact operations.
- **Shipper case studies** intentionally integrated into the content, highlighting real-world examples.
- **Affordable tickets** exclusively provided for shippers/BCOs, given budgets in the supply chain industry are experiencing greater scrutiny.
